

Open Streets Day Survey 2017

The purpose of this survey is to help us understand your experiences and perceptions of Open Streets Days (today in particular), so that we can improve this initiative in making it relevant and inclusive. Information that is collected will be treated with confidentiality, and will not be distributed to other parties, except for the sole purpose of evaluating this programme. Results of this evaluation may be shared in reports and other publications to further grow and improve this initiative.
